

## Maize Crop Totals 105 Cars To Date

The Herald has learned that 105 carloads of maize have been handled by the four Hamlin elevators up until Thursday morning.

Estimates of growers are that the total production for this section will be in the neighborhood of 150 cars and this would indicate that approximately two-thirds of the crop has been harvested.

Young maize, which will not be ready for harvest for another ten days to two weeks may add sufficiently to the crop to exceed the original estimate.

Prevailing price according to reports is around \$1.60.

## Roy Brown Re-elected In Commissioner Race

Roy C. Brown, was reelected Commissioner Precinct 1, defeating Johnnie Agnew, Saturday in the Second Democratic Primary Election, according to Louis Johnson, chairman.

Brown received 432 votes and Agnew received 377.

Approximately 1,451 votes were cast in Jones County. The commissioner race was the only runoff except those for state office.

## Murrell Addresses Hamlin Rotarians

Hamlin's Rotary Club heard a talk Wednesday afternoon by Earl Murrell, local Chevrolet dealer.

Murrell's talk consisted of comments on things of today about the Korean War and so forth. He closed by reading a poem "Soldier on the Battlefield".

Guests were: F. T. Rainey, K. K. Francis, Howard Crawford, all of Stamford; Aubrey Stevenson, A. B. Youngblood, Wendell Bedichick, Bill Blakney, Roy Mack and John Womble all of Abilene; Layne McCall of Cleburne and his guests J. C. Harris, C. E. Dickenson was a guest of Mac Brundage.

Rev. Jimmie Wayne, pastor of McCauley Methodist Church led Sunday morning services at Roby.

## Bryant Building Is Near Completion

Finishing touches are being applied to the Bryant building on South Central Avenue which will house the implement department of the Bryant-Link company.

The building has been constructed from hollow concrete tile and a brick front with a liberal installation of glass for display purposes.

Removal of the implement department from its present location at the rear of the Bryant-Link store will not be undertaken until completion of the maize harvest, according to an announcement from the company.

## Grade School Grid Hopefuls in Meet

Coach Bob Nunley has called for another meeting to survey his prospects for a football team at the Hamlin Elementary School. The meeting scheduled for Monday night at the high school was not well attended and Nunley set Thursday night at 7:30 for another gathering.

There was little indication of what prospects would be for a strong club but enrollment at the school should be such as to provide a heavy turnout.

Particular emphasis was placed on the value of elementary training when athletes reach high school age. Supervision of their training will bring out natural ability that can be directed in such a way as to deliver an able gridiron performer to the high school squad.

The Thursday night meeting was held at the high school.

## Garrett A. White Gets New Service Citation

Lt. Jg. Garrett A. White, son of Mr. and Mrs. Lewis Yates of Hamlin was one of 33 officers and men of air groups attached to Essex class carriers of the U. S. Navy of the Seventh Fleet that received awards for heroism during the Korean conflict.

The awards, reported Wednesday, were the first to carrier air groups of the Korean War.

## Cardinals Fall In Game With Slaton

Hamlin's Cardinals split even in games of the past week end when they defeated Dickens on Friday night at the local park and were trounced by Slaton in the Sunday encounter.

Dickens furnished strong opposition before falling before the pitching slants of "Milo" Mays, Anson boy recruited to pitch for the Cardinals. Mays showed a nice assortment of stuff and his slider was particularly effective against Dickens.

Mays contributed toward his own victory when he parked one with two on after the score was tied. Duck Weaver also hammered one out of the park for the Cardinals. Final score was Hamlin 10; Dickens 6.

Sunday found Slaton here with a ball team that would have been a credit to any league. Pitching for Slaton was a former member of the St. Joseph, Missouri, club which is in the Western Association. The boy had a lot of stuff and Slaton set the Cardinals down by a score of 13-6.

G. C. Black, Benny Ford, Runt McCoy, Billie Wilson and Horace Black all saw duty on the hill for Hamlin and all of them had their troubles in getting Slaton out.

## Joe Daws Promoted In Houston Transfer

Joe Daws, drivers license examiner for the State Department of Public Safety stationed at Haskell has been promoted to the rank of Sergeant and is transferred to Houston.

He has been giving drivers' licenses here several months. And has been stationed at Haskell for the past three years. He came to Haskell from Amarillo and will supervise the Houston drivers license office.

Daws and his wife and son, Jerry, plan to leave next week for Houston.

## Dove Shooting Is Hazard to Phones

"Please don't shoot at birds on telephone lines," is the plea of Marshall Kemp, manager of Southwestern Bell Telephone Company, who says that each year thousands of telephone wires are broken by stray shots during the hunting season.

"Birds can fly away," Kemp said, "but telephone wires just have to sit there and take it. It's not that the hunters deliberately try to hit the wires, and I don't think sportsmen would shoot at a sitting bird on a wire, but I guess they don't realize that a hasty shot, might cause serious damage to telephone lines and disrupt long distance service."

Explaining the yearly dilemma, he pointed out that each hunting season money, man-hours and the telephone calls are lost through gunfire damage to telephone lines. "It would help a lot," he said, "if hunters would be very careful when they are in the vicinity of telephone lines. Even if a bullet or shot only nicks the wire, when cold weather comes the wire contracts and the added stress may cause it to break."

One solution advanced by the manager was that telephone engineers might try to develop a type of wire that would move when shot at. "In the meantime," he said, "all we can do is to ask hunters to be careful when shooting at birds near telephone wires."

Every optometrist must have an eye for business.

## Kennedy Property To Rochester Man

A major farm acreage transaction has been completed wherein the farm of Mary Kate Kennedy has been sold to C. G. Burson of Rochester. Acreage involved was 938 acres which are situated approximately eight miles south-east of Hamlin.

Burson has announced that the farm will be operated by two of his sons and purchase price is believed to have been about \$100,000. The property was improved.

On the same date 160 acres of land bordering on the Burson purchase were sold by Edwin B. Kennedy to John Stonecipher. No information was available as to the purchase price of the Stonecipher transaction.

## Allbritton and Boyd Dispose of Sodak Land

Advice has been received in Hamlin that Henry Allbritton and W. S. Boyd have disposed of the farm property which they have been operating in South Dakota. Allbritton has been in South Dakota to attend to affairs while completing the wheat harvest and has notified friends of the transaction.

He is expected to return from his journey this week and will announce his plans following his arrival here.

Reports are that an average yield of 10 bushels to the acre will be netted in South Dakota.

## Many From Hamlin To Golf at Stamford

Stamford Country Club is conducting an invitational tournament this week and final play will be completed over Sunday and Labor Day.

Golfers from Abilene, Breckenridge and other centers in the West Texas territory are expected to enter the tournament and several players from Hamlin have signified their intention of entering.

Austin Poe, Arlie Cassle and Harry Carmichael have already shot their qualifying rounds and others are expected to try the course prior to Saturday's close of qualifying play.

Two rounds or matches will be played Sunday and Monday will bring the feature events when the finals are played.

## Negro All Stars Play Hamlin Engagement

Sunday afternoon is to bring a stellar baseball attraction to fans in Hamlin when a group of all star Negro baseball players from Hamlin, Anson and Spur meet an all-star squad from Abilene, Haskell and Stamford.

The game will start at 3:30 in the afternoon and will pit many of the outstanding stars of the area in a game that will gauge the merits of the participants.

Hatey, fireball Hamlin pitcher is slated to be on the mound for the team of his selection.

## Hunt Program Plan Drawn Up By Locals

Elmer Feagan, Stan Carmichael and W. H. McBride have completed arrangements whereby the trio will hunt in Colorado during September.

The Hamlin party has already engaged guide services for the foray into the Creed, Colorado, territory in which they will hunt for elk and other game abounding there. Elk are expected to be found at 11,000 feet above sea level.

## Employment Office Surveys Farm Labor

Needs of Hamlin for migratory labor in the handling of the 1950 cotton crop are coming in for study by the Texas Employment Commission.

Glenn McNatt, office manager of the commission in Abilene, was accompanied to Hamlin this week by E. H. Banks, Austin Farm Placement Supervisor and S. H. (Pete) Southall, supervisor from the Abilene office.

These men conferred with Mrs. E. M. Wilson at the Chamber of Commerce and conducted an independent survey to determine the requirements of this portion of Jones County for farm labor. Additional efforts will be made to supply labor when applications are received.

## Training Stepped Up As Stamford Football Game Near

Head-knocking assumed the leading role in the training program of the Hamlin Pied Pipers football squad as the date of their engagement with the Stamford Bulldogs neared.

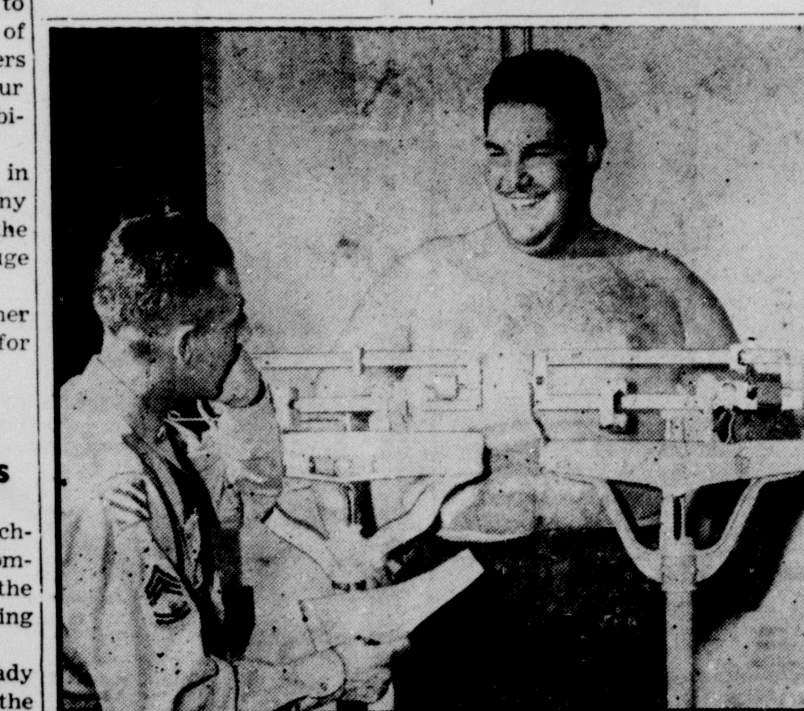

Ragged work on the part of the Pipers in their scrimmage with Winters at Abilene Saturday morning led to a bearing-down tempo in the Pipers' camp. Coaches Jesse Burditt and Vernon Townsend were displeased with the manner in which the squad executed their assignments in the Abilene appearance and they are making a concerted effort to polish up their boys for the September 8 hostilities.

Loss of Charles Binnicker to the team has necessitated the transfer of Billy Sutherland back to the center position from his new position at fullback. Sutherland's ball carrying and had been erland had been showing drive used as a part time quarterback as an understudy to Don Rowland.

Knee and ankle injuries have slowed up a number of the Pipers linemen and they have been held out of scrimmage play until the injuries heal.

Robert Fletcher has been used at the quarterback position during a portion of the week's grind as a precautionary measure to provide additional substitutes at this position.

Stamford is highly regarded in their district and they have been administering sound thrashings to various opponents in scrimmage sessions held thus far. A free-scoring exhibition is anticipated when the Bulldogs and Pipers meet.

KING KONG KAROL—Weighing 330 pounds and standing six feet, three inches tall, Karol Hayes of Washington, Ill., astounded authorities at a Chicago recruiting center by proving himself to be well-proportioned and muscular. Able to wear ready-made clothing, the 23-year-old "Goliath" was accepted by the Army, who are in need of heavy support.

## Speeding Up For Check in Hamlin

Practice of speeding on Hamlin's streets is due for a definite check rein according to reports received from Police Chief Foster and Traffic Officer W. M. Beckley.

Plans have been formulated for arrest of persons speeding on Hamlin streets and first evidence of the efficiency with which the speed laws will be enforced was exhibited Monday. Three Negroes almost lost control of their car when they entered Central Avenue from East Lake Drive and they were immediately arrested for speeding. They can certify that law enforcement is not just a rumor.

## Latin-American Cafe To Fill Hamlin Need

Additional preparation for the anticipated influx of Latin-Americans into Hamlin for the cotton season are being made in all directions. Latest of these is the fitting out of a cafe which will be devoted to their needs on the property in the rear of the old bank building.

Bonifacio (Joe) Davila has indicated that he will operate a first class establishment at this location and friends testify that he is capable. Operation of this establishment will fill a great need which the Chamber of Commerce has been endeavoring to relieve for many months.

## Lions Set Plans For Ladies Night

Hamlin Lions entered into final preparation for their Ladies Night in their session of Tuesday noon.

The arrangements committee has selected the adjoining premises of Stan Carmichael and Jimmy Irwin as the site for the big event and the rear yards of these properties are to be prepared for the Tuesday night festivities.

Club members were not informed as to what the program is to be for the Ladies Night and the surprise element in that department is expected to lend interest to the activity.

The Lions Club voted to install R. L. McClung, assistant manager of the oil mill, as a new member. McClung is a recent transfer to Hamlin from Houston.

Delma Shelburne acted in the capacity of Lion Tamer in the ceremonies incidental to the initiation of McClung.

## Operators To Go Deeper To Strawn

Interest continued to center in the vicinity of the Whaley and Amerson properties in the week of oil activity.

Principal comment came from the coring of the Compton Number Two which brought indication of a prolific Swastika pay on that well. Reports are that this well was about 15 feet high from other wells in the vicinity and 43 feet of oil saturated sand were cored Wednesday. The permit on this well was for exploration to the Strawn and it is believed that operators will continue to that depth, with the assurance that they can return to the Swastika level for production.

The J. M. Amerson well being drilled by Jones and Stasney is reported to have found the Swastika at the same depth as the Roberts wells in that neighborhood.

Quirk of fate was the development in the proven Pardue field that the Toler Number 11 was dry when the well missed both the Swastika and Canyon pays. This well was somewhat centrally located in the proven field.

It was a Texas & Pacific Coal and Oil project.

The T&P Toler Number 12, a Ellenburger try, was reported on Thursday to be in the Mississippi with definite shows of gas and oil.

Last reports from the Velta Pardue well in that area were that the well had reached an approximate depth of 3,000 feet and momentary reports were expected from a Swastika test.

The well drilled on the J. P. Maberry property near Sylvester has been abandoned as a dry hole and contractor is awaiting instruction from the operator. The land in that area is under lease to Jas. A. Dorsey of Dallas. The failure was drilled to the Swastika.

## Cotton Crop Set at 76 Per Cent of '49

Texas' 1950 cotton crop was estimated last week by the Agriculture Department at 3,000,000 bales. This is 76 per cent of normal, an average of 205 pounds to the acre.

The national figure was also down, the report continued—10,308,000 bales as compared with 16,128,000 for last year. Ten-year average was 11,599,000 bales.

The drop reflects the government crop control program. Cotton acreage July 1 cultivation was about 31 per cent smaller than in 1949.

A carryover of about 7,000,000 bales is expected and the total supply would be more than ample to meet demands. Lint yield was estimated at 2649 pounds to the acre, compared with 284 pounds last year and 2613 pounds for the 10-year average.

## Officials To Exhibit In Abilene Sport Party

Announcement has been made that the Abilene Football Officials Association will stage a demonstration of their duties in an appearance at Abilene Monday at 7:00 p. m.

The officials will appear in full uniform as adopted for this association and will give a preview of plays on which they will meet during the season. Signals used by them to designate penalties will be displayed to the audience. The public is invited to the show.

Hamlin members of this association are Jack Russell and Dean and Gene Witt.

## HE'S CROWDED—

Joe Daws, local officer of the Driver's License examiner had a busy time here in Hamlin Wednesday it seems—he handled approximately 35 people wishing to take their drivers license.

Daws had been on his vacation and Wednesday was his first since his return.

## Labor Camp Being Readied for Season

According to a report to The Herald from the Hamlin Chamber of Commerce by the secretary, Mrs. E. M. Wilson, Hamlin will make a definite bid for Latin American labor for its bumper cotton crop.

Continuing in the report she said, "Our migratory labor camp is being put in condition for their reception. However, we still need a good Latin American restaurant near the camp to cater to the laborers."

Weldon Carter, local hardware dealer, is chairman of the agricultural committee of the CC. He is now shaping things for the influx of pickers expected at the opening of the season.

The labor camp is supervised by W. L. Beavers and is situated in down-town Hamlin near the highways and railroad. Provisions include a shelter shed, hot and cold running water, bath houses and men and women's rest rooms.

The local CC expressed the desire for farmers who will need boll pullers to make their needs known as early as possible so arrangements can be made to secure the necessary amount of workers.

## Technician Resigns Causing Emergency

Mrs. Jean Tettler has resigned her position at the Hamlin Memorial hospital and returned to Sweetwater. Mrs. Tettler performed the duties of technician at the hospital.

In the absence of Mrs. Tettler Mrs. Clifford Reynolds has rendered yeoman service at the hospital on an emergency basis until a replacement can be obtained.

## Death Knell Rings For Once Proud Hamlin Hatchery

Completion of a real estate transaction Wednesday brought the spotted career of the Hamlin Hatchery to a definite close when the building was sold by Stan and Art Carmichael to Grant Long, a Hamlin resident.

Decline of the hatchery from its place as one of the principal industries of Hamlin under the guidance of Curtis Martin until it was forced to close its doors when adversity came is one of the business tragedies of Hamlin.

Information was that the business in its heyday had an insured valuation of \$50,000.00 and operated over a wide range of territory that substantiated its claim as the largest hatchery in Texas. When successive financial losses forced suspension of the business, the long process of salvage of existing assets began and sale of the building which housed the hatchery was the final transaction in that program.

No statement was made by Long as to what his disposition of the building will be, but it is anticipated that it will be converted into apartments for rental to the public.

## Santa Fe Carloadings Increase Is Shown

Santa Fe system carloadings for the week ending August 26, 1950 were 24,490 compared with 23,138 for same week in 1949. Cars received from connections totaled 13,571 compared with 11,195 for same week in 1949. Total cars moved were 38,061 compared with 34,333 for same week in 1949. Santa Fe handled a total of 37,325 cars in preceding week of this year.

## Cotton Comes In As Ginning Starts

Ginning of the Jones County cotton crop is beginning in earnest since the report of last week that the first bale for the Hamlin area had been ginned.

First bale was grown by Melvin Henderson of McCauley, and it was sold for 40 cents to the Hamlin Farmers Cooperative Gin.

Mrs. E. M. Wilson of the Hamlin Chamber of Commerce headed a drive to obtain a premium for Henderson through local subscription and \$115 had been collected through Wednesday afternoon.

Hollis Madden reported to The Herald that the Farmers Cooperative Gin of Neinda had ginned 22 bales Thursday morning and that Henderson also brought the first bale to that gin. He was paid 40 cents for the Neinda bale.

## Dr. Doyle Blackford Opens Hamlin Office

Dr. Doyle Blackford, optometrist has chosen Hamlin as his place of practice. He plans to open his office Saturday morning, over Waggoner Drug.

He received his pre-optometric study at Hardin-Simmons University, Abilene before he entered the Southern College of Optometry at Memphis, Tennessee. He received his Doctor of Optometry degree June 16, 1950, and is a 1943 graduate of Stanton High School.

A World War II veteran he served with the 62nd Chemical Warfare General Service Company at Okinawa.

Dr. Blackford, son of Mr. and Mrs. J. S. Blackford of Abilene, was born in Martin County in 1925.

## Sylvester School Has Sept. 4 Opening

Sylvester's Public School has a new roof according to a report made by J. H. McHaney, superintendent. School opening will be Monday, September 4.

Faculty personnel has been obtained for the year. They are: Mrs. Allie Scott, language and arts and the 5, 6, 7, 8 grades; Mrs. Modena Ware, 3, 4 grades; Mrs. Nellie Miller, 1, and 2, grades; Mr. McHaney will teach mathematics and history in the 5, 6, 7, 8, grades.

Enrollment for this year is expected to reach 80. High school students are taken to Roby this year and the lunchroom plans to feed around 50 daily.

Two buses are in operation at the school system. One runs southward almost to Eskota with Lois Smith as driver. The other operates westward including the Beauchamp Ridge community as well as conveying local high school pupils to Roby and is operated by Gleen Blake.

## License Examiner To Quit Until October

Hamlin's office of the Drivers License examiner at the Fire Station will be closed until the first Wednesday in October when a new officer will report here.

Reason for closing is that the present Examiner Joe Daws has been promoted to Sergeant and transferred to Houston.

## Cowan With Dons On Trip to San Antonio

Word has been received in Hamlin that the Los Angeles Dons are to appear in an exhibition football game at San Antonio next Saturday night. With them will be the redoubtable Les Cowan, stellar end for the McMurphy Indians in years past.

Mrs. Les Cowan and child are visiting in Hamlin with Mrs. L. L. Cowan and that group will go to San Antonio to see the game. Les reports that he is being used at defensive end in the Dons platoon system of play.

Dick Feagan is expected here from the Panhandle for a hunting visit to his father and mother, Mr. and Mrs. E. C. Feagan.

## BIBLE COMMENT

### Prayer and Not Progress Is Godliness

A PREACHER, traveling through the backwoods with his horse and buggy, inquired the way of a farmer. The latter inquired as to the traveler's business and the preacher replied, "I am a follower of the Lord." The native looked over the backboard rather scornfully and said, "Well, you'll never overtake him in that outfit."

This story, which to some may seem irreverent, illustrates the immense task confronting those who would be followers of the Lord in this day and age.

We have moved from the backboard days into an era of atomic power, wonder drugs, and breath-taking industrial accomplishments. Thanks to the inventive genius of modern-day man, our standard of living has rocketed upward. And with space trips to other planets on the brink of our horizon, it would seem that we are truly "nurslings of immortality."

And so it is a temptation for us to forget the divine power to which we owe our existence. It is difficult for many to remember that the destiny of man is locked not in technological manuals, but in the golden pages of the Bible.

We cannot reach the Lord with swept-back wings in streamlined air ships. Nor can we make him hear us with the thunderous roars of our mighty weapons of war. The tallest buildings cannot touch the hem of His robe; the most skillfully compounded drugs will not duplicate His miracles; the most efficient machines have yet to produce things as wondrously complex as the creatures of His making.

How then can we overtake the Lord if our modern-day backboards are inadequate? The answer lies in prayer. For only in spiritual progress can Man find succor from the complex tensions he has created. And only in faith, hope and charity, can he find abiding peace on this troubled star; virtue is the only backboard that can overtake God.

**WATCHING THEIR FIGURE, SKATERS**—At the Chicago Fair Ice Varieties, these seven belles on ice blades were willing to cut-up around a mammoth sundae created by Mrs. Ann Foster, winner of the national title for making the best soda and sundae. But none of the figure skaters dared to sample the thick, creamy, whip cream concoction; they were watching their figure.

### Friendship HD Club In Friday Lawn Party

Fifteen members of the Friendship Home Demonstration Club met on the lawn of Mrs. Ray Johnson last Friday at 9:00 a. m. for their regular meeting. Mrs. Fred Carpenter discussed a famous woman with Mrs. Eleanor Roosevelt as her subject. Mrs. John Hix gave a talk on "Harmony in the Home."

Miss Loreta Allen, Jones County Home Demonstration Agent, discussed briefly the T. H. D. A. Convention recently closed at Big Spring.

### State Lumber Figure Slides off From May

Texas lumber production, totaling 797,000,000 board feet in June, slid fractionally from May, reports to The Herald from the Southern Pine Association to the University of Texas Bureau of Business Research showed.

Lumber production rose 13 per cent from June 1949.

Shipments of lumber fell two per cent in June from May, but stepped up 19 per cent from June a year ago.

Gross stocks at the end of June were down four per cent from May and 16 per cent from June 1949.

Sharon Ann Wyatt of Hamlin was a surgery patient in a Rotan hospital last week.

Often as we read the news of the day we feel as insecure as a skinny old maid in a strapless evening gown.

Mr. Link Robinson, 519 Lindsey, is the most content and satisfied man in Newport, Ky. In fact, he says there isn't a thing in the world that can irritate or upset him now that he is on the HADACOL band wagon. If there ever was a man who thought HADACOL is the most wonderful thing in the world, it is Link Robinson. Since he learned that his system lacked Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron, and Nicotin.

Here is what Mr. Robinson has to say about HADACOL, which is now supplying liberal quantities of these essential elements: "I have been a steel worker for over twenty years. When you are a steel worker, you have to do plenty of good, hard work, and you need lots of good, substantial food. But when a stomach is in as bad a shape as mine was . . . I couldn't eat, I had gas pains, stomach bloating and nervousness; well, I just couldn't eat the proper foods I needed. My boss told me about HADACOL and I started taking it immediately. After the second bottle I could tell a definite improvement. Now I can eat the foods I need to eat to really be on the job. In fact, I can eat anything I want to. I am not nervous anymore, either. Best of all, I haven't got those terrific gas pains and no more stomach bloating. HADACOL is the best ever. I recommend HADACOL to everyone."

**HADACOL Is Different**

Countless thousands are benefiting from HADACOL . . . even hundreds of doctors are recommending HADACOL to their patients whose systems lack Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron, and Nicotin. HADACOL is so wonderful because HADACOL helps build up the hemoglobin content of your blood (when Iron is needed) to carry these precious Vitamins and Minerals to every organ, and every part of your body—to the heart, liver, kidneys and lungs, even to the eyes, hair and nails.

Give remarkable HADACOL a chance and if you don't feel better with the first few bottles you take—you get your money back. Only \$1.25 for Trial Size; Large Family or Hospital Size, \$3.50.

**KITCHEN MEMO** BY JEAN CLARKE

COMPLETE oven meals cook automatically while the cook is out of the kitchen. An automatic clock control turns the gas on and off at whatever time you decide. A hearty oven meal with all dishes baking at the same time and temperature of 350° F. for 1½ hours includes Stuffed Pork Chops, Succotash, Sweet Potato Pudding and a Cherry Cobbler for dessert. **Sweet Potato Pudding:** mix 2 beaten eggs, ½ cup sugar, 1 cup milk. Add to 2½ cups grated raw sweet potato. Then add 1 tsp. nutmeg, 2 tbsps. butter, ½ orange, sliced thin. **Succotash:** mix together 1 cup canned corn, 1 cup canned or cooked lima beans, 1 cup canned tomatoes, 1 tsp. salt, 1 tbsps. minced onion, ½ cup liquid from vegetables, 3 tbsps. butter. Cover both dishes before sliding into the oven with the Pork Chops and Cherry Cobbler.

Keep cooked rice in covered container in your gas refrigerator. Handy for stuffed peppers, rice puffs, any fruit desserts using rice.

It saves time and gas to separate light weight fabrics from heavier clothes when drying them in the automatic gas dryer because the lighter laundry dries faster.

Cheese keeps fresh longer if it's wrapped in cloth that has been sprinkled with vinegar, dipped in water and wrung out. When cloth dries out, repeat vinegar and water treatment.

There's very little bother with ashes when garbage is burned in a gas incinerator because with average family waste, it takes nearly two weeks for the ash tray to fill up.

**Tabasco Butter:** Cream ¼ tsp. Tabasco into ¼ tsp. butter. Delicious with any seafood, chicken, meat or vegetables.

## Farewell Party for Mr. and Mrs. O. G. Harvey Given Tuesday at Hall by Eastern Star

A farewell party honoring Mr. and Mrs. O. G. Harvey was given by the Hamlin Chapter of the Order of Eastern Star 460 at the Masonic Hall Tuesday at 8:00 p. m.

On arriving Mr. and Mrs. Harvey were taken for a mock train ride to Houtson. Tickets were sold by Mrs. Ira Clements. Train crew were: Mrs. Perry Sparks, brakeman; Mrs. Euell Carter, conductor; P. D. Harkens, engineer; Mrs. Paul Galey, sickly passenger; Mrs. B. S. Ferguson with large doll, mother with small child; Mrs. W. B. Cotten, old maid traveling to meet man who advertised for wife and arriving late. Mrs. Roy McCurdy, Mrs. A. Hudson, Mrs. Paul Bryan, Mrs. F. C. Briscoe, Mrs. P. D. Harkens, Mrs. B. Hassen and Nada and Mrs. Fred Smith, other passengers.

At the end of the journey two passengers claimed the same bag. Brakeman, Mrs. Perry Sparks, opened the bag to identify it. In the bag she found a package containing eight crystal plates for Mrs. Harvey and presented it to the honor guest.

Several games of bingo were played.

Refreshments of tuna sandwiches, potato chips, olives, sand tarts and lemonade with cherry were served by Mrs. Paul Good-

game, Mrs. Jack Vaughan Jr., and Mrs. Fred Smith.

Entertainment committee for the party were: Mrs. Roy McCurdy, Mrs. Perry Sparks, Mrs. B. S. Ferguson, Mrs. W. B. Cotten, Mrs. Euell Carter and Mr. and Mrs. P. D. Harkens.

## Mrs. Rathell Smith Home from Frisco

Mrs. Raythell Smith, the former Pauline Smart, has returned from a month's stay with her husband in San Francisco, California prior to his departure for overseas.

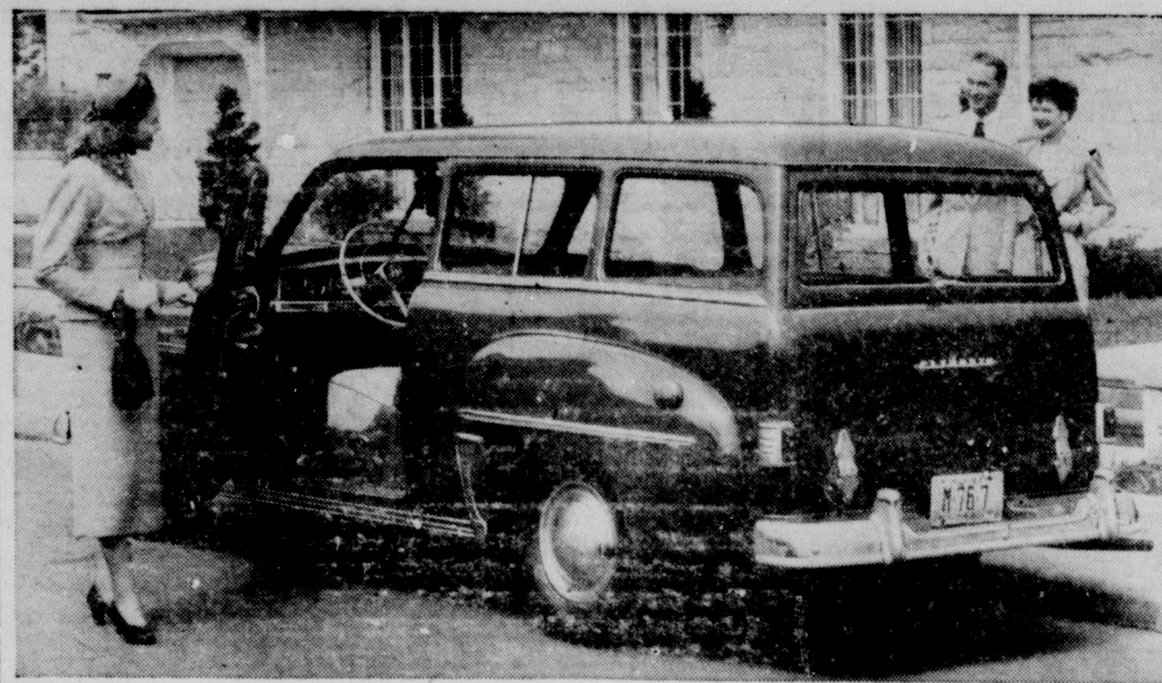

Ray, son of Mr. and Mrs. E. G. Smith of Hamlin, has been in the Navy the past three and one-half years. He is stationed aboard the U. S. S. Curtiss, a seaplane tender.

The couple had been living in San Diego, California.

## Dahlias Need Care In Growing Season

Dahlias are well into their blossoming season in the Southwest and gardeners of this area may be interested in a few helpful suggestions as to care and culture of dahlias as gathered by The Herald.

First, look well to location of plant tubers. Place in a sunny spot removed from trees and buildings. Give a reasonably good soil, dahlias like cultivation; give them what they need. Keep ground stirred until plants appear and bud. Prune them for best flower results. Do not allow plants to bloom too early. Keep growth back and buds pinched until late July.

To insure heavy and good blooms feed well. As flower buds first appear dig into the ground lightly three pounds of sheep manure, and half a pound of muriate of potash (mixed) for every 10 holes not closer than six inches nor more than 18 inches away from stalks. Water by soaking ground thoroughly.

Try to keep insects from taking over your dahlia garden. This can be done if proper methods are used. Spray or dust every eight to 10 days with 10 per cent DDT solution for fleahoppers, tarnish bugs and thrip; nicotine sulphate for aphids; wettable sulphur for red

## IN ARKANSAS.

You can always depend on a streetcar having seats vacant, when it's coming back from where you are going.

Mr. and Mrs. W. A. Stevenson of Abilene were guests of Mrs. Etta Stevenson of Hamlin Wednesday.

spider and mildew.

Be sure to mulch dahlias, using a light hupus mulch during hot weather; grass clippings, leaf loam or cottonseed hulls (ground) are also good. Give lots of water during growing and blooming periods. Water by soaking the ground well, also by overhead irrigation.

If climate is a cold, wet one, remove dahlia tubers after they finish their blooming season; replant next year after danger of frost is past. Lift the tubers and store in a basement in a container lined with a layer of paper between the clumps.

Keep where temperature is not lower than 40 degrees, not higher than 55 degrees. In dry warm climates roots may be left in the ground during the winter, lifting and dividing before spring planting. It is a good plan to buy new stock every two years, and in this way keep introducing new and maybe better plants.

## Wedding of Hortense Phenix and Jack A. Harden, Jr. Solemnized at Anson Saturday

Hortense Phenix, daughter of Mr. and Mrs. Carl Phenix of Hamlin, became the bride of Jack A. Harden Jr., son of Mr. and Mrs. J. Alford Harden of Hamlin Saturday afternoon at 4:30.

The single ring ceremony was read by Rev. David Binkley, pastor of the First Methodist Church of Anson, at the parsonage. The bride wore a street-length dress of Barkley blue crepe with brown accessories. Her corsage was of sweetheart pink roses.

Mrs. Harden is a graduate of Hamlin High School and attended Bethany-Peniel College, Bethany, Oklahoma, McMurry College, Abilene and the University of Colorado. At McMurry she was a member of Gamma Sigma Social Club and the McMurry Chanters. She has been teaching Public School Music for the past three years in Carlsbad, New Mexico and Wichita Falls.

Bridegroom graduated from Hamlin High School and attended McMurry College, Abilene; Hardin-Simmons University, Abilene and the University of Texas, Austin. He was a member of the Acacia Fraternity at the University of Texas. After a short wedding trip, the couple will live on a ranch near San Angelo.

Mr. and Mrs. John Jenkins and daughter, Nan, of Lorenzo visited in the home of Mr. and Mrs. O. L. Jenkins over the weekend and attended the revival at Fairview Baptist Church.

## Separates Are Quick-Change Artists

This trimly tailored shirt has convertible neckline and French cuffs with pearl cufflinks. Pearl buttons march down the front to match the cufflinks.

### Accessories Change Their Character

NEW YORK—Since separates are an important part of fall fashions, the choice of a blouse counts. A blouse should be able to team nicely with more than one suit or skirt in any wardrobe. It should undergo a subtle change in appearance with each switch in jewelry, scarves, or ribbon.

One blouse which meets all requirements is a faultlessly tailored shirt with convertible neckline which acts as a foil for scarves or jewelry. The pearl cufflinks set into the French cuffs match the buttons which march down the front.

Another blouse which fills the bill has a Peter Pan collar. Tailored in sanforized broadcloth, with ocean pearl buttons, it's a classic style which will outlast extreme trends. The neckline will take a pearl choker, a pendant, or a bit of velvet ribbon and a jewel.

With each new piece of jewelry, this shirt will change character.

A classic shirt with Peter Pan collar is styled in sanforized broadcloth. Short, simple sleeves give it a youthful air, make it ideal for classroom wear.

### Circle One of WSCS In Monday Meeting

Circle One of the Women's Society of Christian Service of the Hamlin First Methodist Church in the home of Mrs. Don Gould, Monday.

The business meeting was conducted by Mrs. George Poe, chairman. The circle voted to sell Christmas Cards as a project to raise funds. Members also voted to keep the church nursery open on afternoons which are scheduled Missionary Society studies at the church.

Tenth birthday of the W.S.C.S. will be celebrated by a joint meeting of all circles September 25 as well as meetings with missionary societies in neighboring towns.

Topic for meditation by Mrs. Dora White and Mrs. S. D. Hawkins was "Our Faith for Building a World Community Through Christian Love."

Refreshments of cakes and donuts was served to nine members.

A lot of people who wouldn't talk with full mouths will go around talking with empty heads.

With a smile as dazzling as the sun she is absorbing this radiant vacationer sees the world through rose-colored glasses during her vacation by the sea. For her stroll along the beach, she wears a cotton sunback designed by Fleischman of California. She adds a matching cotton jacket when the sun begins to burn.

### BOOK SHOP NEWS --

There have been a host of out-of-town shopping visitors at THE BOOK SHOP this week. Among them were: Mrs. James Louis Springer, Mrs. Sid DuBose, Mrs. B. J. Dalby and Mrs. A. R. Mansill, all of Aspermont; Mrs. Belle M. Manes, Yuma, Arizona; Mrs. Maurice Brashear and Miss Kay Clary of Plainview and Levelland, Mrs. C. R. Teague, Lubbock, and Mrs. S. C. Ballew of Ennis.

We have in some new pieces, including vases, candy jars and planters of hard carved India Brassware. Do ask to see them when you are in for books, gifts or cards.

Mrs. Z. Edgar Boaz of Anson was in to pick up a book that we had ordered for her. Joan is in demand as a Book Reviewer of ability and charm.

Among the attractive gift items received this week is an assortment of novelties made from beautiful Texas woods. We have them displayed on the Show window table.

Have you seen the new colorful, brass banded California Pottery displayed in the BOOK SHOP show window?

Rick Brant adventure stories by John Blain is a new series of stories for boys. Have the youngsters try a copy! They will want the whole series.

Don't forget our monogramming service.

Mrs. Henry Scott of Sylvester was a shopping visitor at THE BOOK SHOP on Tuesday afternoon.

One of our patrons apologized for "clear forgetting" that we have lovely sheer pastel colored and white gift handkerchiefs and also dainty. Folders for convenient mailing. We accepted the apology with the understanding that "it not happen again."

One of the fastest moving items at THE BOOK SHOP is these gold initials that may be applied to cars, bicycles, luggage and scrap and photobooks. Ask to see them!

It is early to mention it—but, we have already received our CHRISTMAS CARDS. (We usually begin monogramming these around the last of September and the first of October.)

We feature Volland Greeting Cards for all occasions. Just call us to send a card for you if not convenient to come to town; the number is 63.

Always at your service and glad to see you!

**Lamesa Residence**

Mrs. Lula Caldwell, 78, of 411 South Austin Street, Lamesa, died last Tuesday morning in a Lamesa hospital. She is the mother of Mrs. John Ed Day of Hamlin.

Funeral services were conducted at 3:00 p. m. last Wednesday at the Chapel of the Higginbotham Funeral Home. Interment was in the Lamesa Cemetery.

Mrs. Caldwell had been a resident of Dawson County and a member of the Methodist Church for the past 34 years. She was born May 6, 1872 in Jefferson, the daughter of Mr. and Mrs. Ephram Harris. Her husband died July 9, 1940.

Survivors included: three sons, Jack and Bogan, both of Lamesa, Boyd of Waco; a daughter, Mrs. John Ed Day of Hamlin; one brother, C. W. Killingsworth of Mount Vernon; three sisters, Mrs. Lizzie Hughes of Talco, Mrs. McKee Hughes of Mount Pleasant, and Mrs. Jessie Holder of Mount Vernon.

Mr. and Mrs. Dickie Ferguson, Mr. and Mrs. Holly Toler and Mr. and Mrs. Art Carmichael, with their families, attended the exhibition football game played by the Detroit Lions and Washington Redskins at Dallas Wednesday night.

**Congressman Burleson Offers**  
**Resolution That Would Exile Aliens**

In a report from Congressman Omar Burleson of Jones County, he offered a Resolution Tuesday, August 15 to the House of Representatives, which would direct the Judiciary Committee to consider measures to exile aliens and citizens of the United States who are convicted of crimes affecting internal security.

Burleson's Resolution calls for action which would banish the 11 convicted Communists in New York, and such convicted persons as Alger Hiss, Judith Coplan and Axis Sally to an island in the Pacific. He compares his idea with that of the exile islands of Elba and St. Helena, and says he believes that is where such criminals of this type belong, rather than in our Federal prisons, where they are likely to develop a martyrdom and suffer little punishment.

"These traitors, when convicted by a jury in a Court of competent jurisdiction, should be imprisoned on soil removed as far as possible from the United States. They would like this less than the sentences some receive."

"Further," Burleson said, "It is time we get over the idea that we can have no political prisoners. What difference does it make? —they are traitors and hence, are political enemies and inimical to the best interest of this nation."

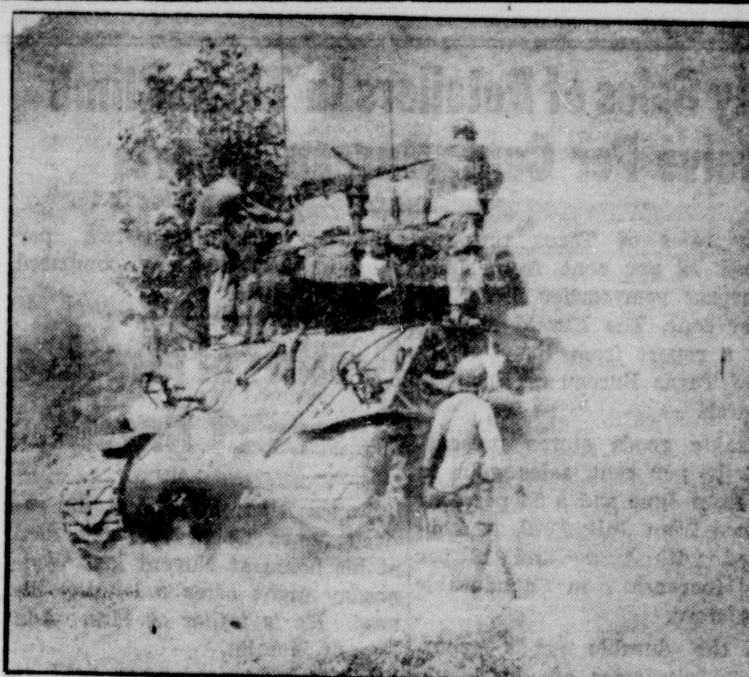

"Under more strenuous laws governing subversive activities, we are likely to have a great many of such people on hand. Aliens can be deported, but American citizens cannot. They can and should be put out of this country, and this is the only way to do it," Congressman Burleson said. "I saw some places in the Pacific during the war which would be ideal for this purpose, and little expense would be involved."

"We now have several customers for such a place, and if war should come with Russia, we will have a situation incomparable with anything we have ever faced before in quickly ridding this land of such treacherous elements."

Burleson said he is supporting the strongest measures possible to further curb Communist activities, several of which will soon be brought before the Congress. "There was a time when traitors were put to death, and it is difficult for me to divorce some of these acts being perpetrated by subversive elements from acts of treason," Burleson concluded.

## July Sales of Retailers In Texas Climb Twelve Per Cent, Bureau Reports

July sales of Texas retailers climbed 12 per cent from June to surpass year-earlier levels by 37 per cent. The Herald learned from a report from the University of Texas Bureau of Business Research.

Durable goods stores presented a 16 per cent sales gain in July from June and a 54 per cent advance from July 1949, as contrasted with three and 13 per cent increases in nondurable goods store.

In the durable goods group, June-to-July sales of household and appliance stores were up 33 per cent; farm implements, 22 per cent; automotive stores, 22 per cent; furniture, 13 per cent; hardware, 12 per cent; and jewelry, three per cent.

Sales of lumber and building materials during the monthly period were down three per cent.

In comparison with July 1949, sales by farm implement dealers were up 87 per cent in July 1950.

Other sales increases during the 12 month period were recorded in automotive stores, 66 per cent; lumber and building materials, 50 per cent; household and appliance stores, 45 per cent; hardware stores, 22 per cent; furniture stores, 21 per cent; and jewelry stores, 17 per cent.

## Burglar Subject Of Poem Jotted Here

A contributed poem on the Hamlin burglar goes something like this:

Hamlin folks are waiting in dark rooms and in their yards among shrubs with their guns cocked.

They have decided to take time to keep watch. Each member of the family sit and watch for his visit.

He has already been in danger of getting it between the eyes.

There are several who have been in arm reach of him then Mr. Burglar would decide to disappear.

There is all kinds of different TRAPS being set to catch him,
